Dear Tom,

Thank you for your letter. I am very happy about it. I am going to ~~walking~~ with my brother and with Liza. Maybe I will go ^{to the} in shop or ^{to} on the stable. I want ^{to} go ^{to} a barbecue with my parents too. Yes, I have a cinema near my ^{house} home. There are two cinemas where I can go. My friends and I were going there all ^{up} summer's weekends. I don't often go out ^{up} because I haven't more much time.

Can you tell me about your barbecue?

How often do you go to the cinema?

Do you like ^{to} go on the barbecue?

Best wishes,

Kristina.
