Tom got off the train and as the train left, he realised he was holding the wrong suitcase. Tom felt terrible. He had a present for his old friend in the suitcase. His friend's name was Mark and he liked listening to music, so Tom wanted to visit him and gift him an mp3 player with a pair of big green high quality headphones.

Tom wanted to find his suitcase. The one he was holding was almost the same as his ^{own}, except its color was darker. Tom looked around and saw a man with his suitcase. He decided to talk to him about this situation.

After the conversation it turned out that ^{the} man was Mark's brother who had been ^{living} with him for a long time at Baker's Street 5, but went

to America to study at college. And now he returned to visit Mark.
