Today libraries aren't very popular with modern teens. Most of them prefer to play computer games. They ~~are~~ don't like <sup>reading</sup> ~~reading~~ at all. But some teens still like <sup>ea</sup> riding.

There are a lot of libraries in my city. Also my school has a library.

~~But I have been there~~ But <sup>the</sup> last time I <sup>had</sup> been there ~~was~~ four years ago. I prefer to buy books or <sup>a</sup> read them on the internet.

I think only old people ~~goes~~ to libraries now <sup>because</sup> they <sup>don't</sup> have too much money to buy books ~~or~~ and they aren't too smart ~~to~~ and too healthy to <sup>a</sup> read books <sup>the</sup> on internet.

In my opinion, there will be internet libraries in the world. People can take <sup>a</sup> ~~file~~ file with <sup>the</sup> text of <sup>a</sup> book and then <sup>share</sup> it with other people. 134 words
