Libraries in our time.

Libraries isn't so popular in our time. Why? I think it's all because of ^{the} Internet. A lot of books can be read in most of websites. But I think, to read a real book is more enjoyable than ^{to} read it on screen. That's why I and my friends ^{go} walking to library sometimes. There are a lot of libraries in our city. In ^a library you can read your favorite book in silence or take it on time. In some libraries you can find your book in ^{the} Internet and read it online absolutely free.

^A School library isn't ~~so~~ ^{as} big like a normal library, but you can get some workbooks, if you hadn't or take a book, which ^{you are/were/have been} asked you to read in d lessons.

I think, in future libraries would get not any free internet, but internet searcher, ^{that} who can find any book you want in two clicks and help you to find it in ^{the} library. 156

So, readers, who ~~didn't~~ want to go library. I think you should go there. There are a lot of interesting things in it!
